Warriors Orochi 3: Ultimate for PC is the new iteration of the best-selling tactical game Warriors Orochi series. Developed by Omega Force and Koei Tecmo, Warriors Orochi 3 features a number of new features including a battle system, a new map editor, an enhanced character art editor, a traditional vs. mode, special movesets, a Héra story mode, and character sprite characters. It is the last of the Ultimate series. As it is the last version, this installment is free of all game restrictions and limitations, and may be replayed at one's leisure as many times as desired. This version of Warriors Orochi 3: Ultimate was released on December 16, 2012 in Japan, with an intended western release on November 27, 2013. The PC port was released on June 4, 2014. This version contains numerous bug fixes, additions, a new opening cinematic, new character designs, and new backgrounds. It is available in both a Standard and Ace versions, which are identical save for featuring different artwork. The Game is available in both Standard and Ace versions, with the only difference being the art. It is also available in a Digital Deluxe version, which includes a version of the game with the following additional items: Unlike previous versions, this is the first Warriors Orochi 3 not to require a copy of previous games to play. The Wii U port of the game was released in Japan on February 28, 2015. The version featured an arcade mode based on the previous edition. Players can play through a series of missions, including online matches. This version was offered in three different bundles: "Amanita" (which included the game and artbook), "Cobalt" (which included the game and a copy of past Warriors Orochi games), and "Cobalt Platinum" (which included the game, Amanita, a copy of past Warriors Orochi games, a pendant and artbook). The iOS and Android app version of the game was released on November 23, 2015. It included various game features, including an enhanced battle system and new story, as well as various multiplayer modes, various maps, and a wireless mode for both online and offline play. Contents There is a "new story" for this game, which is called "Héra" (alternatively spelled "Héra's Stories") and which is designed to make the player feel the nature of Riazan, the location where the story takes c6a93da74d
