
Tomraider2013englishlanguagepack

English/Dutch/Portuguese version of the game. When I download it, it's in French/German. Will there be a language pack available soon? Yes, there will be. We are preparing several new language packs. When exactly do you plan to release them? They are already ready and will be installed into the game soon. Apparently, they will be added to all localizations for free. We plan to start with English when it's ready. What about other languages? We still have to work on the localization. We will gradually add languages and first of all we will have to test all language packs.
